**My unforgettable journey**

Italy is a country rich in culture, history, and artistic legacy. A trip through Rome, Pisa and Florence offers a chance to explore some of its most iconic landmarks. I had always dreamed of visiting Italy, and this trip turned out to be everything I had hoped for.

First, I headed to Rome, and the moment I stepped into the Coliseum, I left like I had traveled back in time. I imagined the loud crowds cheering as gladiators fought in this huge arena. The size and history of the Coliseum amazed me.

Next, I went to Pisa to see the famous Leaning Tower. It looked like it was going to fall, but of course, it's safe. I took photos and climbed to the top to see the view which was fantastic!

Then, I traveled to Florence, a city full of art. I was excited to visit Vinci, the town where the famous painter Leonardo Da Vinci was from, this artist was born in 1452. he is best known for his masterpieces the Mona Lisa and the Last Supper.

After that, I explored the museum dedicated to him. I saw his incredible paintings, ideas, and inventions. He wasn't just a painter; he was also a scientist and an inventor. His mind was full of amazing ideas!

Finally, I left sad to leave Italy, but I was happy that I got to see so many incredible places and sights. This trip gave me wonderful memories that I will never forget!
