Third Term's Test

Text:

Doctor: Hi Amine! How can I help you today?

Amine: I don't feel well. I have a fever and a sore throat.

Doctor: Oh no! I think you have the flu. It's really dangerous. I'm going to check your temperature to be sure…. hmm, you have a fever. I will give you some medicines but you should take some rest and drink plenty of fluids like water and juice to help your body fight off the flu.

Amine: Okay, I'll do that.

Doctor: You should also try to stay warm and avoid going outside in the cold air. And you shouldn't go to school until you feel better, so you don't spread the flu to your friends.

Amine: Alright, I understand.

Doctor: Ask your mother to make you a chicken soup for lunch. She will make it really delicious and don't forget to change your bedsheets every day. Get well soon!
