Text:

In July 1884, France gave the United States of America a gift to celebrate the one hundred years America's independence. This gift was the Statue of Liberty which is considered as one of the most wonderful, spectacular and impressive landmarks in the world.

The Statue of Liberty is located in the U.S.A, more exactly in New York harbor. It was built in France by the sculptor Frederic Auguste Bartholdi. The project's construction took nine years and was finally finished in 1884. The Statue of Liberty is made of thin copper. It is 44 metres high and 225 tons weight. The head and the hand of the Statue of Liberty measure 5 metres, the arm is 13 metres long.

Today, the Statue of Liberty is a universal symbol of freedom. According to the National Park Service, more than 4.2 million visitors come to see it every year.
