Text :

Hi, my name is John.I am 18 years old. I'm a third-year student at Queen Elizabeth high school.I'm fond of playing basketball, reading books and writing short stories.

I still remember one of the best experiences I've ever had; my first day at school with Mrs Grant, she was a great teacher. She was probably one of the most influential I have ever had. She has taught me to work hard and always do my best how to turn all my dreams into reality.

My time at Antrim Primary school has been amazing. I have always had so much fun with my friends and teachers. I have really enjoyed playing in the basketball team and participating in reading challenges too.

When I was a child , I dreamt of being a photographer. I used to like taking photos of friends and editing them.. Then everything has changed since I visited a hospital for cancer's patients in my city. Since that time I have decided to become a doctor to treat patients and relieve their pains.

Fulfilling dreams and finding success need a combination of determination and hard work. It's about setting clear goals and embracing both challenges and triumphs.
